Did you know.....In 2020 Captain Sir Tom Moore who was 99 years old, raised over £30 million pounds for the NHS and lifted the spirits of the world during the pandemic.

Can you spot and colour in the 6 spikes with the letter n? What's left?

By the way... what did they call the dinosaur who was a very noisy sleeper?

If I had a million of money  
And could buy me a million things  
I'd wish for to buy me a million years  
And all of the fun they could bring.

But money can't buy me a minute  
And to me it no longer seems odd  
That people care less about money  
Than to walk hand in hand with their God.
